

## *Chicago Figure Skating Club*

### **Skater Support Program**

(As of July 12, 2004 – Subject to Change without Notice)

The program is for Chicago Figure Skating Club home club skaters.

Skaters that advance (or receive a bye) to Midwestern Sectional Championships – \$250

Skaters that advance (or receive a bye) to US Junior Figure Skating Championships – \$250

Skaters that advance (or receive a bye) to US Figure Skating Championships – \$500

Skaters that represent the US at an international competition – \$250

Each skater of a pair or dance couple is considered separately. (If only one member of the team is a CFSC home club member, then only that person is eligible for the program.)

Skaters must present proof of eligibility (e.g., official results, bye letter) and copies of receipts for skating related expenses in excess of the grant amount. This "block grant" program replaces the previous program where grants were based on entry fees, ice time and dues waivers.

Please help spread the word among coaches and parents of competitive skaters.

Club members, officers and directors are encouraged to support this program by making tax-deductible donations to the US Memorial Fund marked "restricted to worthy skaters selected by Chicago FSC". The Memorial Fund takes 10% off the top so to give the Club \$100 you have to write the check out for \$111.11. A \$100 donation to the Memorial Fund yields \$90.00 to the Club for skater support programs.
